Tom has passed away: And much of the most secret history of the Manhattan Project and scurring coverup since lost, Tom was a soldier of honour in a fight led by generals with something to hide

Glorian was alive with the Sound of Music

The Kennedy Curse is upon the Donegan family too.

Moves are tough, including moving away from Virgina to where I could afford to buy a house (my first questions to locals in Corpus Christi starting with cab ride from airport to hotel) take time, take work, I wanted to buy a house 7 y ears ago but it was sabotaged, undermined by arbitrary and capricious trust fund who wanted me out of safe home, safe, transportation, and easy prey for GangStalk predation upon me, many of the predators needy people who had no trust fund but were NOT right wingers. Law suits against an alt right guy as he rides the bus, etc., helped the trust fund kite money from Glorian Donegann to people the money was not intended for.

Later in this book I will talk about the blatantly illegal sham black marketing of Donegan DNA to fund various shame programs simultaneously defaming the Donegan family and thus hiding the origins and worth of what is being violently co-opted.

Simultaneously with accusing my brother Tom Donegan who I both love and hate of being a patsy for the Obamas who is a mole for Red State republicans, the Queen of England, and religious causes Tom would object to, I also am in deep pain about his death, I am suspicious of his death and whether medical treatements created the diseases which medical treatments then opportunistically intervened into.

Obituary

Tom Donegan of Provincetown, a member of the Select Board for six years in the 2010s - three of those as chair - passed from this life on July 14 in Manhattan, surrounded by love, his husband Mark Weinress and dear friends. Tom was 61 years old.

img Tom Donegan

The cause of death was leptomeningeal disease brought on by esophageal cancer.

Tom moved to Provincetown in 2009 after retiring from AOL. Within quickly rolled up his sleeves and became of service, as was his way his entire life. Tom served on the town Finance Committee, becoming its chairman, from 2012 to 2013.

In 2013, he won election to what was then called the Board of Selectmen and was chairman from 2014 to 2016. He easily won reelection to the board in 2016, His chief goals were improving the use of town resources, with a special focus on finding solutions to the affordable housing crisis. Tom also served on the board of the Provincetown Year-Round Rental Housing Trust and the

board of the Cape Light Compact. His work there was important to him given his strong belief in protecting the environment. As an action guy, he always wanted to put his beliefs into real work.

In December 2018, Tom left his position on both boards to help support his recently widowed mother- in-law in North Carolina. He remained an active member on the board of the Fine Arts Work Center, serving for a time as treasurer, until his death. It was an organization that was very important to him, and he enjoyed meeting and discussing their work with FAWC's fellows.

Thomas Neal Donegan was born in Los Angeles on Jan. 21, 1960. A year later, his brother Ned was born. (Ned survives him.) The family lived in Manhattan Beach, CA, and the San Francisco Bay area, divided by a stint in Marshfield, MA, while Tom was in elementary school.

His father, Jim, was a pilot for Trans World Airlines. His mother, Glorian Gainey, a South Carolina native, was a homemaker and later a real estate agent. The Donegan family used their T.W.A. perquisite to journey all over the world, imbuing Tom with a lifelong passion for travel, flying, and even airports.

Tom attended the Head-Royce School in Oakland, CA, after which he enrolled at the George Washington University in Washington, DC., where he majored in political science. Tom was the ad manager of The GW Hatchet student newspaper and president of the Sigma Chi fraternity chapter, which he steered toward community service. He earned his bachelor's degree in 1983.

But the most important thing that happened to him at GW was meeting Mark and commencing a lifetime of 38 years together, They were wed on July 27th, 2015, a month after the Supreme Court decision legalizing gay marriage, at Saint Mary's church in Provincetown MA.

A year after graduation - both Tom and Mark began a spiritual program of recovery from alcohol and drugs. They have cherished their continuous sobriety from that date and consider it, along with their 38-year partnership, as the best thing they've ever done.

The couple lived first in the District of Columbia, before moving in 1999 to Arlington, VA. It was there in 2001 that they welcomed for the year, 16-year-old exchange student, Svenja Jaeger from Germany, who considers Tom and Mark her "American dads." Their close relationship is one of the most important in their lives. And they now get to be the American granddads.

Tom joined the Baltimore office of the W. B. Doner & Company advertising agency in 1984, rising to the position of account executive. From there, he joined Ullico (Union Labor Life Insurance Company) in Washington DC, doing in-house marketing.

During this time, in August of 1990, Tom and Mark were attacked and injured in an anti-gay hate crime. Theirs was the first successful case first tried under DC's new hate crimes law. As a result of the experience Tom became involved in the newly formed grassroots group GLOV, Gay Men and Lesbians Opposing Violence. The group provided community safety education and advocated for accountability from the police and media in recognizing and addressing anti-LGBTQ violence. Tom soon became GLOV's co-chair and was known as the "activist in the suit," since he rarely had time to change out of his daytime business attire before being interviewed by the press, attending public meetings and the occasional on TV news appearance.

After his service with GLOV, and upon his move to VA, Tom became president of Crisis Link, a Virginia-based 24/7 Crisis & Suicide Prevention Hotline

Like more than 80% of Americans, Tom had never been online as of 1995. However, he took a leap and joined a young company called America Online, where he served as VP of membership marketing. Tom managed a team integral to building total members to over 37 million. He developed many groundbreaking programs for multiple sales channels and lead integration for AOL Time Warner. When he left the company in 2008, he was one of its longest serving employees.

After following his dream of retiring and moving to Provincetown.

Tom relished being on the water. He bought a catboat in Provincetown and enjoyed sailing all summer long, even competing in races. Six years ago, Mark and Tom decided to make Manhattan their second home.

Tom was diagnosed with cancer two years ago. Although the disease was advanced, he decided he would lean even harder into his already upbeat attitude and continue to enjoy his life gratefully. Until the last few months, treatments were very successful and he continued his active life, filled with sailing, cooking, time with friends, and travel.

While on a trip to London, Tom spotted a plaque that perfectly summed up his gratitude, his faith, and his belief that a higher power existed for all. He bought two of them and placed one each in his Provincetown and New York homes. The saying became his motto.

"Bidden or not bidden, God is present."

Services for Tom will take place at Saint Mary of the Harbor Church in Provincetown on Thursday, July 22 at 11:00 am, followed by a reception. A private burial will take place at Provincetown Cemetery.

Charitable contributions in Tom's memory may be made to the Carrie A. Seaman Animal Shelter (CASAS), Outer Cape Health Services, the Fine Arts Work Center, or the AIDS Support Group of Cape Cod.

Edward Donegan commenting: The family history of the Donegans in Manhattan Beach California, the atomic bombing of Japan my father flew in as a P-51 escort, the above ground atomic blast testing in Nevada and Simi Valley SSFL my father was in and described were are parts are still classified and include secret DNA facts too about Glorian s history and origins. Much of what was known is destroyed and what is known know is wrong. Tom was asked to engage in bandaging over some parts embarrassing to the USA espionage elements and the Obama family and hid did so, but likely many soldiers of various types in large wars of all kinds if had heard the topmost generals describe what was really going on in secret most meetings he would have had his faith in the long term work shaken.

Whatever the case he grew up in 52 Lambeth Square with Jim, Glorian, and me, and there is a solidity to sacrafice and fidelity to our beliefs as a core make up of who we are, yet we faced complex contradictory challenges and are viewpoints differed.

I will always love Tom and Jim and Glorian too, and I am so glad he passed with his friends at his side.

Now the darker side of a darker genetics "fix it" plan inside a shadow government Tom would have opposed but was a pawn in.

I assert these are the mafia mechanisms includign Fronts (ARC of Nova) in long con as a layer.

Politicians have created a slush fund running far againt the will of Tom Donegan, Glorian, Jim, or myself, which in sham moves is merely funding grotesque attacks upon me and perhaps covertly cover attacks on Tom Donegan as well.

History *

"Laws against money laundering were created to use against organized crime during the period of Prohibition (of alcohol trafficking) in the United States during the 1930s. Organized crime received a major boost from Prohibition and a large source of new funds that were obtained from illegal sales of alcohol. The successful prosecution of Al Capone on tax evasion brought in a new emphasis by the state and law enforcement agencies to track and confiscate money, but existing laws against tax evasion could not be used once gangsters started paying their taxes." Money laundering retrieved from link and copied or modified to here

Money Laundering Is The Process Of Making Illegally-Gained Proceeds (I.E., "Dirty Money") Appear Legal (I.E., "Clean").

Black Money As Assets Siezed From A Dopple Of Ed Not Authorized To Agree To Asset Siezure Using Improper Accounting For The Assets Taken In By An Institution And Not Reported To The Person With Rights To The Assets.

Typically, Money Laundering involves three steps: placement, layering, and integration and introducing money not accounted for into a financial racket

- the illegitimate funds are furtively introduced into the legitimate financial system. (ARC Northern Virginia denied any starting accounting or geno assets accounting in setting up trust fund. I was told I would not a staring or opening accounting only a firs quarter statement after the first quarter passed. Similarly Integrity Payee denied principle statements and reported back to me some disbursements I requested but no whole ledger accounting)

- Then, the money is moved around to create confusion, sometimes by wiring or transferring through numerous accounts (Doppelgangers, fake Ed Donegan, fake Ed Donegans at locations contused for Ed Donegan's locations)

- Finally, it is integrated into the financial system through additional transactions until the "dirty money" appears "clean" after the Dopple of Edward Donegan agrees to real Ed Donegan assets being seized upon the Dopple of Ed Donegan harming others in real Ed Donegan's community thus Dopple Ed Donegan creates a liability of real Ed Donegan

> Note that in Assets and Liabilities balance sheets the assets and liabilities must match, thus for an asset to be paid from the trust fund a liability must exist, which is children being exploited as child porn as the liability to be balanced with an asset disbursment.

Achieving Concealment Of Ed Donegan Assets.

Concealment of Ed Donegan cognitive assets by denial they exist and thus making the trade in them unlikely if not preposterous. Creating the appearance of a mentally challenged Ed Donegan not only creates an unlikelyhood a retardation service would trade his genes it also puts that retardation services advocacy group as mice guarding the cheese.

"Stripper Bucks" And Spending Assets Not Properly Reported To, Black Money, Not Accounted To Ed Donegan

With unreported assets in a financial system and "cut out" accounts, accounts similar to be distinct from the real accounts to do illicit unreported transactions under spending assets can occur

- Genomic assets of interest to those seeking designer babies, etc., may be offered during erotic services as "Payment" by a person pretending to be Edward Donegan. Those "stripper bucks" title or form of deed to pay for adult entertainers are "black money"

- The Adult Entertainer Stripper and the Dopple of Edward Donegan may work an agreement he idolizes little "non white princesses" and their beauty, and by photographing them (which Real Ed Donegan did not) the genomic assets of the "fake" white supremacist Ed Donegan should go to those he thinks superior, little hottie non white totties

Thus under a RICO financial operation (engaging in advocacy for the underprivileged) a fake Ed Donegan, like for instance a social services beneficiary, could hire a stripper, pay for the stripper with Ed Donegan assets, and then also agree Ed Donegan really thinks minorities are his dream, how owes them, Ed Donean is a through a Dopple's acts seems fake white supremacist who believes in The 14 Words.

Horizontal And Vertical Layers Used In Money Laundering To Create Legitimate Appearances

- Moles and Inside Jobs through buyout of leasing companies or apartment complexes and

- setting up lateral "accounts" such as apartment numbers to be confused with the tenant whose assets are being money laundered.

- Use of itermediate devices such as inserting an FBI Fake Cell Tower (Stingray) which will switch and cross switch between phone SIMM Chips for switching out who is on the phone and what is being said.

- Exploiting that smart phones have multiple functions such as Google Books reading, gym music, and cameras, and altering the perception of what lateral seperate functions of the phone are in use in a gym, etc.,

- Person lateral to each other sharing similar clothes, motorcycles, etc.,

Layered

Architecture of Racketeering influence Criminal Organization introduces "railway" crossing point in which the cross out of accounts can occur cicrumventing in that extra step direct accounting of the asset owner

Recall from the Department of Treasury description and how this layering of an extra layer can provide the money laundering cross point.

Protection Racket (And One Run Through Social Services)

An unneeded mental retardation advocacy of me creating by my mother's will creators enables this loot of my DNA rights by sabotaging my normal life circumstances such as metropolitan apartments and keeps me either homeless, institutionalized, or in deep slum non-white conditions of hostile environments devoid of my intellectual, sexual, religious, or their interests.

Example: **Fagin** is a fictional character and a main antagonist in Charles Dickens' 1838 novel **Oliver Twist**. In the preface to the novel, he is described as a "receiver of stolen goods". He is the leader of a group of children (the Artful Dodger and Charley Bates among them) whom he teaches to make their livings by pickpocketing and other criminal activities, in exchange for shelter.

Oliver Twist contains an unromantic portrayal of criminals and their sordid lives, as well as for exposing the cruel treatment of the many orphans in London in the mid-19th century.[2] The alternative title, The Parish Boy's Progress, alludes to Bunyan's The Pilgrim's Progress, as well as the 18th-century caricature series by William Hogarth, A Rake's Progress and A Harlot's Progress.[3]

In this early example of the social novel, Dickens satirises the hypocrisies of his time, including child labour, domestic violence, the recruitment of children as criminals, and the presence of street children.

Somebody illegally set themselves up as Fagaon and broke my apartment leases in non skid row environments then used Texas Nueces County skid row to surround me in housing, plant evidence, and run scams to loot Donegan family assets. I reported this to the Social Security Administation to no avail.

Shills

Shills are fronts for secret motives and operations who conceal their real objectives and appear to be neutral, uncorrupted, or motivated as chartered but operate on behalf of secret agendas instead.

Shill planted victims who claim ti be victimize but in fact victimize themselves such as children sexualizing themselves in my vicinity and claiming they are "my visual pornography." I am their victim for false claims, not vice versa.

Gulls (A Con Artist Term For A "Gullible" Or "Grape" Which Can Be Plucked

A special kid of Shill (con artist team member) is a Gull who is a gullible person who can be caught in a compromising situation or lead into a bad deal.

I am not such a person so an impersonator me (I call Tx the transmitter of false information seeming from me) is created and that Gullible both needs a trust fund and is frequently caught in traps and needs the Trust FUnd to bail him out.

That person, ann Information Doppelgangers and will forge a confession of me that will be used as a pretext for legal claims against me, It is the Gull who actual photographed or committed the peeping whilst standing next to me in public at the same time the shill victim was planted in front of us.

Racketeeriing Influenced Criminal Organization

A Racket is a service which is not need but imposed or operates in such a way as to use illegal means to create a profit which would otherwise not exist.

While a Protection Racket creates a danger and then charges to protect against it a Money Laundering RICO uses its position of operating muiltiple accounts to swith unlawfully between them so that in the acounting shell game slight of hands the accounts appear to be correct.

Mark

A Mark is some person or asset who is the "bullseye" of the operation, the person or asset targted to be defrauded. In my cast the trust fund of Glorian Donegan and her biology, with the indirect means of pretending to be my victim them seeking Trust Fund compensation.

Some me as having judgementalism and wish my trust fund was for the underprivileged instead and in that case my contempt for underbelly of society life is bypassed and even retaliated against with fake claims to the trust fund of the family I came from adn in that way my snear at riff raff is the mark, and the riff raff are trying to get even with me.

Paper Moon (film) retrieved from Wikipedia and copied or modified to here

The film, shot in black-and-white, is set in Kansas and Missouri during the Great Depression. It stars the real-life father and daughter pairing of Ryan and Tatum O'Neal as protagonists Moze and Addie.

In a state of poverty and needing car repairs, Moses visits recently widowed women often driving to funerals in the old car, pretending to have previously sold expensive, personalized Bibles to their deceased husbands, and the widows pay him for the Bibles inscribed with their names. Addie joins the scam, pretending she is his daughter, and exhibits a talent for confidence tricks, such as selling Bibles and the quick change scam. As time passes, Moses and Addie become a formidable team

---

This is a short con, run quickly, on sequential Gulls (Gullibles) who are grieving widows, emotional, at their husbands funeral, as the Bibble saleman shows up with a Bibble tied to the last purchase of their departed husband, which for a fee, the widow can buy and finish the sale.

It features many Confidence Tricks elements such as selecting Gulls in advance for a particular type of scam which has been rehearsed again and again, using Gulls who are in emotional and quick decisions states, and a team of Shills rather than just one con artist.

A Long Con focuses on a single Mark, such as my trust fund and Glorian Donegan, shaking it down in with long term preperation, resources, and complex sustaining efforts to keep the Con running.

Recite

You are showing off your ability to recite, or repeat aloud from memory, when you say the entire text of "The Gettysburg Address" or name all the past winners of your town's asparagus eating contest.

Recite entered the English language as a legal term but is now more often used in the realms of education, literature, and religion. Children in school may be assigned a famous poem to recite in front of the class or be tested on how well they can recite their multiplication tables. In many religious traditions, being able to recite passages of sacred texts is an important part of practicing the religion.
